

AYUSH PATIDAR

B-tech Student

Technical Skills

- Programming : C, Python
- Web Technologies : HTML, CSS
- Currently Learning : Machine Learning (Basics)

Certification

- Data Science - IBM
- Introduction to Cybersecurity - CISCO
- Python Workshop - Coding Wise

About Me

Computer Science Engineering student (3rd year) with basic knowledge of C, Python, HTML, and CSS. Currently learning Machine Learning and actively working on improving programming and problem-solving skills. Seeking opportunities to gain hands-on experience in software development.

Education

Bachelor of Technology

Mangalmay Institute Of Engineering And Technology

I am a third-year Computer Science Engineering student at Mangalmay Institute of Engineering and Technology, Greater Noida, with a strong interest in technology and a continuous desire to learn new tools and skills.

Higher Secondary (12th Grade)
Hind Junior College, Shajapur

Secondary School (10th Grade)
Hind Junior College, Shajapur

Projects

Movies App - Netflix Clone

HTML5, CSS3, JavaScript, React.js, Bootstrap, RESTful API

Built a dynamic movie platform with React.js, integrating TMDb API for diverse movie content. Implemented React Router for seamless navigation, improving overall app flow and user experience. Utilized React Slick for horizontal scrolling, enhancing interactivity and improving movie browsing experience. Optimized performance through lazy loading, reducing initial load time by 40%, improving user retention.

Student Performance Prediction

Achieved a 96% accuracy rate in forecasting student academic performance by developing and deploying a machine learning model. Managed data integrity by handling missing values and encoding categorical variables, enhancing quality by 33%. Conducted experiments with both classification and regression algorithms to identify the most suitable approach. Identified and comprehended key factors influencing academic performance through thorough analysis.
