EXPERIENCE

Java Full Stack Intern – SoftPro India Computer Technologies Pvt. Ltd.

June 2026 – July 2026

Noida, Uttar Pradesh

- Developed web applications using Java, Spring Boot, MySQL, HTML, CSS, Bootstrap, and JavaScript, following the MVC architecture.
- Built and integrated CRUD operations, RESTful APIs, and MySQL databases using Spring Data JPA and Thymeleaf.
- Tested, debugged, and optimized application performance to ensure reliable and efficient functionality.
- Collaborated with mentors and team members to develop features, resolve issues, and deliver project modules on time.

PROJECTS

Personalized News Platform – React.js, Node.js, Express.js, MongoDB, Flask, Bootstrap

May – Jun 2025

- Built a full-stack AI-powered news platform with multilingual summarisation (English/Hindi via Flask NLP), text-to-speech, and JWT authentication on a Node.js + Express backend with MongoDB CRUD.
- Designed a fully responsive Bootstrap UI with category-wise news, real-time Toastify alerts, and smooth cross-device experience.

Healthcare Portal – React.js, Spring Boot, MySQL

Jun – Jul 2025

- Developed a full-stack healthcare portal with medication tracking, appointments, health records, and JWT-secured API endpoints.
- Designed a normalised MySQL schema for scalable data integrity across medications, appointments, and activity logs with real-time UI feedback.

E-Commerce Web Application – React (Vite), Spring Boot, REST APIs

Jul – Aug 2025

- Built a full-stack e-commerce platform with secure auth, dynamic product fetching, cart management, and order processing via RESTful APIs.
- Achieved responsive, performant UI with optimised API calls and efficient state management across product listing, detail, and checkout flows.
